

IMPROVING YOUR SOIL CONDITION & NUTRITION

FOR SUSTAINABLE CULTIVATION

Farmsafe manufactures and distributes a range of organic and fortified organic products suitable for a wide range of agricultural, landscape and amenity purposes.

EXPORT

Farmsafe products are available for export to many parts of the world in customised packaging to suit the customers' highest standards.

EASE OF USE

Farmsafe organic fertilisers, based on composted chicken manure, is treated for pathogens before being pelletised for ease of application and spreading.

ORGANIC & CONVENTIONAL FARMING

Farmsafe offers pure organic products for organic farming systems or organic based products fortified with mineral nutrients.

LIQUID FERTILISERS

Farmsafe also offers a range of specialist liquid nutrient products designed for better crop and yield production.

PRODUCT RANGE
